PROFESSIONAL SUMMARY

Senior SAP Service Manager with over 20 years of experience in service management and support of SAP environments (ECC, S/4HANA, SAP TDF and Concur), working in AMS (Application Management Services) and Service Management across multinational LATAM/EMEA environments. Focused on quality, availability and performance, SLA and KPI compliance, critical incident, problem and change management, and continuous improvement of SAP processes. Focal point between business, IT and vendors, coordinating functional and technical teams, managing support contracts and vendors, and leading governance meetings.

TECHNICAL SKILLS

- **SAP Service Management:** AMS, Service Management, SAP environment support, support and service contract management, vendor and partner management (RFI/RFP).
- **ITIL Processes:** Incident, Problem, Change and Service Level Management; root cause analysis (RCA); SLA, KPIs, MTTR and availability.
- **SAP Environments:** SAP ECC, S/4HANA, SAP TDF, SAP Concur; upgrade, migration and SAP transformation projects; integrations via APIs and Web Services (Digibee iPaaS).
- **ITSM & Tools:** ServiceNow, Jira, Confluence, Azure DevOps, Kissflow, MS Project, Project Online, MS SQL Server.
- **Governance:** ITGC, IAM, Segregation of Duties (SoD) matrices, GRC, audits (Big Four standard), IT budget (CAPEX/OPEX), PMO and portfolio management.
- **Leadership & Methods:** Coordination of functional and technical teams, ITBP, Scrum/Kanban, Lean Six Sigma, BPMN 2.0, Value x Effort Matrix, 5W2H.

PROFESSIONAL EXPERIENCE

Senior IT Project Management Consultant | IT Governance and Service Delivery

Oct/2024 – Apr/2025

Serasa Experian (via Grupo Mooven) | Hybrid | Fixed-term contract

- Service Delivery and project management in a digital transformation program, ensuring platform stability during the migration and decommissioning of legacy systems, with SLA management and critical incident reduction.
- Focal point for more than 20 technology managers between business and IT: backlog refinement, User Stories and prioritization in Jira and Azure DevOps.
- **Results:** 30% reduction in operational risks; 35% reduction in backlog (Value x Effort Matrix); 20% improvement in SLA indicators; 25% increase in delivery predictability.
- **KPIs:** Lead Time, Throughput, Velocity, Schedule Adherence, delivery SLA, post-implementation incident rate and rework rate.

IT Systems & Projects Coordination – Product & Project Manager (LATAM/EMEA)

Nov/2021 – Oct/2024

DIA Group | Hybrid

- Service Delivery 'control tower' and portfolio governance: support of SAP ECC and S/4HANA and Concur/Oracle Cloud environments, SLA management, queue analysis and RCA.
- Leadership of 4 analysts (1 senior, 1 mid-level, 2 juniors) and coordination of multidisciplinary squads; interface between business and IT, with AS-IS/TO-BE process design.
- IT vendor and partner management, leading RFIs/RFPs; system integration via Digibee iPaaS, APIs and Web Services.
- **Results:** 40% reduction in critical incidents (P1/P2) through RCA; 45% backlog reduction; 25% reduction in go-live time across LATAM/EMEA rollouts; 30% gain in contract visibility; +30% efficiency in back-office processes during SAP/Oracle implementations.
- **KPIs:** P1/P2 incident rate, MTTR, SLA, system availability, Lead Time and backlog aging.

Manager / Consultant, Cobilling & Tax Compliance Project and Product (BPO Triad Systems)

Jul/2014 –

Nov/2021

TIM Brasil | Regional Control Tower (SP and RJ)

- Service Delivery and coordination of critical Cobilling, Tax Compliance and financial systems projects; leadership of 12 developers and vendor coordination.
- Implementation of SAP TDF and SAP HANA for 14 Brazilian states, ensuring tax compliance; MS SQL Server analysis for decision support.
- **Results:** 50% reduction in recurring critical incidents (RCA and continuous improvement); 30% improvement in SLAs; 40% reduction in regulatory risks; 45% backlog reduction; +35% efficiency in billing with the Cobilling product.

Senior IT Analyst

Nov/2012 – Jun/2014

Nextel Brasil

- End-to-end CoBilling implementation and mapping; technical specifications for process improvements between carriers; support for inspections and audits.

Earlier experience in IT Projects, Support and Tax Compliance

2000 – 2012

Federal Mogul do Brasil | Metalúrgica Mauser | Acument Global Technologies | Cavo Serviços e Meio Ambiente

- Senior IT Project Analyst, Project Analyst and Support Analyst (level 2): implementation and support of ERPs (Microsiga/TOTVS, Datasul, QAD/MFG PRO), MES (Siemens SIMATIC), WMS, TMS, APS and OMS; rollouts, training and tax obligations (SPED, NF-e, CT-e).

Parental leave period (May/2025 – Jul/2026), with continuous professional development. Fully available since Aug/2026.

EDUCATION

- Postgraduate (Executive MBA) in Project Management PMI-PMBOK – Univirtua (2025 – 2026, in progress)
- Postgraduate degree in Artificial Intelligence – Univirtua (2025 – 2026, in progress)
- Bachelor's Degree – Universidade Paulista (UNIP)

CERTIFICATIONS & COURSES
